

**INDIA'S FIRST
SMART TRUCK IS HERE.**

**THE NEW MAHINDRA
BLAZO**

Truck and Bus

GET MORE MILEAGE OR GIVE THE TRUCK BACK.*

The new Mahindra BLAZO brings smart new technology to Indian transport: FuelSmart. Presented in the form of three switches, this technology gives you unbeatable mileage without compromising on power. But we're not just saying it. We're actually giving you a rock solid guarantee. **'That the Mahindra BLAZO will give you more mileage than your current truck or you can actually return it'**. It's a guarantee that's never been given before.

And it reflects Mahindra's confidence in its new range of trucks.

MILEAGE AND POWER AT THE TOUCH OF A SWITCH.

FuelSmart is automotive technology at its best, at its simplest. Developed by Mahindra to give your business a competitive edge, the FuelSmart switches let you choose between superior mileage and unmatched power as and when your business demands.

Turn on the Heavy mode when carrying full loads. Use the Turbo mode when transporting big loads over steep inclines. Or simply switch on the Light mode when running without load. Each mode squeezes the maximum efficiency from the mPOWER FuelSmart engine and gives you unbeatable mileage. This is the FuelSmart Advantage.

THE HEART OF SMART.

Mahindra's mPOWER FuelSmart engine with 7.2 L displacement has a large heart with immense reserve capacity for relentless outperformance for years to come. This engine, in combination with the multi-mode switches, delivers uncompromising performance. Giving mileage without short changing you when you need power, pickup or pulling ability. At the same time, this engine cuts down on emissions to give you cleaner, greener running for years to come.

GET THE FUELSMART ADVANTAGE WHATEVER YOU TRANSPORT.

Whether you're in the business of delivering cement, food grains, blocks of stone or frozen food, Mahindra has a truck for every transport application. There are even cow! & chassis models to let you shape the truck to your specific need. And no matter which truck you use, you will always get the FuelSmart advantage and a machine that gives you an unbeatable mileage guarantee.

MORE SAFETY, MORE COMFORT, MORE TRIPS, MORE PROFITS.

Mahindra BLAZO is one of the most comfortable trucks in India. It's built with the knowledge that drivers are the actual wheels of Indian transport and they spend half their lives inside the cabin. Which is why this truck comes with a host of features to make them comfortable and

safe. Like the 4-point suspended cabin that truly enhances driving comfort. The controls that are ergonomically located to reduce effort inside the cabin. And a 4-vent AC system along with factory-fitted fans to ensure cool comfort at all times.

DRIVER INFORMATION SYSTEM

The tilt & telescopic steering allows drivers to adjust the steering to their convenience. A wide windshield and large rear view mirrors provide greater visibility. And the anti-lock braking system ensure greater braking control even at higher speeds. In other words, this is a truck built for safe, fatigue-free driving which means fewer stoppages by drivers, more distance covered in less time and improved turnaround times.

The new Mahindra BLAZO range also comes with a car-like Driver Information System (DIS) that gives critical vehicle information to the driver in real time. Apart from the engine RPM, temperature, speed and fuel levels, it has tyre pressure, trip kilometre, diesel consumption per kilometre, battery voltage, service reminders and other important details.

TO OUTPERFORM, YOU HAVE TO OUTBUILD FIRST.

The Greenfield Plant in Chakan, one of the most advanced manufacturing plants in India, is where Mahindra trucks are created. Massive in scale, the Chakan Plant, is also renowned for its attention to detail. Each vehicle is put together with robotic precision and utmost care to ensure the highest standard of reliability. A young, enthusiastic and very well-trained group of technicians ensures the quality of the vehicles that roll out from this plant. While its cutting-edge technology and sustainable practices make it a plant that's ready to give the world generations of outperforming vehicles.

TAG LIFT AXLE WITH FULL LOAD

We've anticipated the most unpredictable conditions while building our trucks. That's why these trucks have several features that deliver solid performance consistently. Like the **TAG LIFT AXLE** that reduces wear and tear of tyres no matter the load, no matter the road. A **BOGIE SUSPENSION** to help you negotiate different load and terrain conditions. A clutch with a 395 mm diameter and a heavy-duty gearbox to ensure safe and effortless driving. A strong chassis, reliable S-cam airbrakes with 10 bar pressure and rear leaf suspension make this vehicle extremely sturdy and reliable. A heavy-duty front axle has been fitted in for trouble-free operations for many years.

The design of all these aggregates is such that they are durable, deliver consistent performance and require minimal maintenance.

INITIATIVES TO TRANSFORM INDIAN TRANSPORT INSIDE OUT.

TOUR DE CHAKAN: This is a one-of-its-kind initiative that presents customers a unique tour of Mahindra's state-of-the-art Chakan plant. So they can see the entire truck manufacturing process, the technology, and quality control that goes into making Mahindra's trucks the outperforming machines that they truly are.

OUTPERFORMER'S LEAGUE: An exclusive forum for fleet owners to come together and interact with the stakeholders in the trucking industry, OPL offers transporters an opportunity to get the latest learning and insights and also learn from each other's individual experiences. The League has benefitted more than 3500 transporters since its inception.

MAHINDRA TRANSPORT EXCELLENCE AWARDS: The Mahindra Transport Excellence Awards turn the spotlight on excellence in the transport industry. Over the years, the awards have consistently widened their scope by adding new categories to recognise and reward excellence in many more areas of Indian transport.

MPOWER: Launched in association with IIM - Ahmedabad as the Knowledge Partner, MPOWER helps young professionals in the transport industry meet today's challenges and take their business to new heights. The programme has received widespread appreciation in the Indian transport industry and has seen over 200 young transport entrepreneurs completing the course.

MPOWER WARROOM: They say that learning isn't complete till it is actually applied. That's exactly the idea behind the MPOWER WARROOM. Through this programme, participants can present how they have applied their MPOWER learning and advanced their family transport businesses. The programme also gives participants an opportunity to learn from each other's experiences and build deeper ties with one another. Also conducted in association with IIM-A, the WARROOM has seen two editions and nearly 50 participants.

MPOWER MENTORS SUMMIT: This is a collective learning programme specially designed to empower the mentors of the Indian Trucking Industry. It offers industry veterans a platform to share their views on transport with other fleet owners, seasoned professionals and also interact with the IIM-A faculty to discuss and guide the next generation of transporters.

SAARTHI ABHIYAAN: Staying true to Mahindra's philosophy of 'Rise', Saarthi Abhiyaan, a unique social project was started. It supports truck drivers and their families through health camps, scholarships, driver training programmes and more.
